FACULTY EVALUATION PROPOSAL

TO BE GIVEN "TRIAL RUN"

The proposed plan for faculty evaluation for improvement of instruction developed by the faculty committee will be given a "trial run" during fall quarter.

Several faculty members have volunteered to participate in the plan and to make recommendations at the end of the quarter, according to Committee Chairperson Carolyn Anderson.

So far the list includes Joan Morris, nursing; Russ Clark and Frank Witt, Science; Janet Grimes, English; Ed Zimmerman and Warren Jaech, mathematics; Dave Hendrickson, business; Luther Jansen, behavioral science; Pam Huddleston, library and Tom Hanson, music.

Others interested in learning more about the group may contact either Mrs. Anderson or members: Witt, Grimes, Jaech, Hendrickson, Jansen, Huddleston or Hanson.

BOOKSTORE SCHEDULE ANNOUNCED

Bookstore hours this week are Monday through Friday from 7:45 a.m. to 4 p.m. and Monday through Thursday from 6:30 p.m. to 9:30 p.m.

VOTERS' REGISTRATION BOOKS

TO CLOSE OCTOBER 2

Voters' registration books in all precincts within Pierce County will close against original registration and transfers October 2, evening - thirty days prior to the general election and any special elections to be held on November 2, 1976.

Individuals must have a permanent address in Pierce County before voter registration can be made.

TCC voter registrar is Janette Bratrud, located in building seven, room nine.

To register a person must be over 18, and a U.S. citizen.

Voters can transfer if they have moved to the county from another state or county.

Voters can also be registered after a legal name change.

PARKING ENFORCEMENT STARTS

Today, Monday, October 4, marks the first day that improperly parked cars will be ticketed by TCC security officers.

For parking stickers apply at the security office in building 21.

CLASSES HELD COLUMBUS DAY

October 11 (Columbus Day) is a scheduled workday for staff and faculty --- and students.

Classes will be held on that day.

LIBRARY STAFF NEEDS CODES

The library staff indicates that it is happy to make copies for those instructors requiring the use of the Xerox machine--provided that the charge can be coded to departmental budgets.

Once the charge is coded, materials can be copied and placed on reserve for classes.

MICROFICHE EQUIPMENT IN

USE AT MCNEIL ISLAND

Faculty members who are teaching at McNeil Island penitentiary can bring their own microfiche materials or books to place on reserve in the prison library for use by the students.

Two new microfiche viewers are available for use by the inmates.

Faculty members who wish to bring special guests to the Island to speak to their classes can do so by clearing the special visitors with Clem O'Neill of the penitentiary education department at least two days in advance.

INFORMATION AND REFERRAL

NUMBER AVAILABLE

Teachers, counselors and students are frequently running into situations which require social service agency help.

The Tacoma Information and Referral telephone number has been established as a "one stop" telephone service which an individual or family member can call to avoid the confusion of going from one agency to another.

The staff informs the callers about services available through various agencies, and provides a "follow-up" assuring that needed services are actually obtained.

When necessary, I and R staffers serve as go-betweens or advocates between the individual and the agency.

All work is done in confidence.

The number to call for the service is: 383-2044.

TOURS CAN BE ARRANGED OF

GOODWILL INDUSTRIES

Tours of the Tacoma Goodwill industries are available between 8:30 a.m. and 4 p.m.

A tour of the rehabilitation center and a presentation by one of the Goodwill staff members could illustrate the practical application of classwork.

Faculty members who would be interested in arranging such a tour for their class can contact Marion Hann, Goodwill Industries public relations director at 272-5166.

CRISIS CLINIC HELPS

WITH PROBLEMS

Emergencies which occur during "crisis" periods -- when an individual is having problems recognizing or dealing with stressful situations -- can be alleviated by talking to a caring person.

The staff at the Crisis Clinic provides that service.

The number of the Crisis Clinic is: 383-2042.

RON POWELL NAMED WREEF

BOARD TRUSTEE

Ron Powell, real estate program coordinator/instructor attended the Washington Association of Realtors Educational Conference and Licensing Division Commission meetings in Spokane Sept. 22-25.

At this conference, Powell was selected by the Washington Real Estate Educational Foundation to serve as a board trustee, representing all 23 community colleges in Washington.

WREEF is a non-profit organization which helped start real estate education in Washington. It distributes several scholarships annually.

The organization recently compiled a research and development program to find new ways of teaching new subjects to real estate professionals.

Contributions (tax deductible) in the form of cash, appreciated property, securities and other property are being solicited by WREEF to bolster this research and development fund.

Those wishing more information about the WREEF fund may contact Ron Powell in building 20.

TACOMA COMMUNITY COLLEGE
Faculty Meeting
September 14, 1976

Dr. Stevens welcomed the faculty at its first meeting for the year. He introduced Dr. Richard Batdorf, Dean of Student Services, and mentioned other changes on campus -- Paula Pascoe has been named Assistant to the Dean of Student Services, and Jack Hyde is Acting Mathematics and Science Division Chairperson. He asked that faculty members read the weekly bulletin and contribute information to it by calling Eve Dumovich (5018).

Dr. Rhule also welcomed the faculty and introduced Donald Poulson, Mathematics Department Chairman at Mesa Community College. He is exchanging duties with Joe Betz, who is at Mesa Community College for Fall Quarter. Others welcomed back from sabbatical or personal leaves were Keith Brightwell, Karen Becker, Dr. Yun-yi Ho, and Ken Gentili.

A slide show, prepared by campus personnel to orient new students to the college and its services, was shown.

Dr. Richard Batdorf addressed the faculty. He explained the problems entailed with veterans' attendance and told the faculty of pending assessments in the amount of \$68,000. He stressed the importance of ending the practice of a "W" without the withdrawal date showing and the reporting of non-attending students. He stated that the reporting cycle for non-attending or failing veterans has been cut to 30 days.

Dr. Batdorf explained his service goals for both students and staff at TCC. He said much of the counseling would be consolidated in the lobby of the Resource Center. He also voiced concern for an effective probation system for students who drop below a 2.00 G.P.A. or who do not complete at least half of the units attempted.

Dr. Batdorf announced that he would also like to determine how many of our students leave the institution prematurely because their educational objectives have been satisfied and how many leave because of dissatisfaction. He said he would be working with, and calling upon, the faculty for help in these and many other areas.

Nominations for three faculty College Council representatives from the faculty were asked for by Dr. Rhule. Ivonna McCabe recommended that each division submit names to the Dean of Instruction and that a ballot be prepared and sent to the faculty. Since there were no objections, Dr. Rhule accepted that procedure.

Announcements

1. Dr. Rhule commented on the Curriculum Committee and its membership. The first meeting will be on October 6 at 3 p.m., in the John Binns Room.
2. He announced that Ed McNeal had been elected Department Chairman of the Physical Sciences.
3. Ed Zimmerman commented on the computer workshops to be held this week and invited the faculty to attend.

The meeting adjourned at 10:07 a.m.

The students call her: 'the diploma lady', and she is one of those people who untangles red-tape.

Ellen Carlson, evaluator and associate degree secretary is the person who evaluates incoming transcripts from other colleges, TCC transcripts and does the preliminary work of checking credits for graduation.

Her work is then forwarded to the Associate Degree Committee for final approval.

Students and people being what they are, the job of checking credits is not routine. Students who want to graduate often find that there are missing credits, or the record they remember does not correspond with the record on file.

Mrs. Carlson's busiest time, naturally, is spring. Parents, spouses and friends are often involved in making sure that their special someone walks up to the podium for the diploma.

"I quite often have to check back with the student, so things are straightened out. I try to clear up difficulties so that the associate degree committee doesn't have to work with confused credits," Ellen observed.

"Spring is kind of fun though: During the time before graduation I do some stewing, but when I look back and everyone's finally happy, then it seems like fun."

Ellen is one of those people on campus who care about students.

During last year's commencement, she knew each student who walked in the line before her ... and when someone stepped out of order, Ellen shifted the diplomas around to match the people.

Of TCC's students she notes:

"Most of them are really proud of that TCC diploma and all of them are really grateful for that personal touch."

ASSOCIATE DEGREE APPLICATIONS

DUE OCTOBER 29

Associate degree applications for fall quarter graduation are due October 29, 1976.

Instructors are asked to remind students to submit their applications to Ellen Carlson as soon as possible.

Ellen is located in building two.
